CprE/SE 491 May1639 Weekly Report 2

A Web-Based Q&A Platform for Collecting and Indexing Publicly Available Information About Common Java Libraries

Reporting period: September 8th – September 14th
Advisor / Client: Professor Rajan (ComS)
Members: Arik Coats (Web Master)
          Evan Dye (Team Leader)
          Robert Kloster (Communications Leader)

Weekly Summary:

- Met the advisor:
  - Set up a weekly meeting time (5:30pm on Monday)
  - Conducted the first meeting with professor Rajan
  - Discussed the vision of professor Rajan for this project
  - Discussed previous attempts to accomplish similar goals to our project
  - As we all just met with our professor on 9/14 for the first time, we have only spent time on the meeting and this report this week

Goals for Next Week:

- Read through the document given by professor Rajan
- Take the week to understand the project
- Research preconditions and postconditions
- Look at the examples of specifications
